

# Champions Cup enters partnership with NorthArk softball

November 7th, 2022

Champions Cup Ragball Circuit announced a new partnership with the North Arkansas College Lady Pioneers Softball team, today, according to circuit president Brad Atchley and NorthArk coach Seychelle Mahoney. The circuit will now be able to use the NorthArk softball facility and will enter into a mutual support program with the college. The shared vision is “to continue to build and maintain interest in softball and baseball, especially in the young boys and girls, to continue the legacy of what these sports mean to the very soul of our country and what makes them unique amongst all sports.”

The Champions Cup circuit will utilize the NorthArk facilities when participation exceeds the capacity for the Wheeler Field Park campus.
